Professional Experience

2018 – 2024 Assistant Professor, Department of Educational Psychology, Texas A&M University.

Professional Preparation

2015 – 2017 Postdoctoral Research Associate, Florida State University, Florida Center for Reading Research and Department of Psychology.
2015 Ph.D., University of Ljubljana, Slovenia. Major: Special Education.
2003 B.A., University of Ljubljana, Slovenia. Double Major: English and German Language and Literature.

Research Interests

- Typical and atypical reading development,
- predictive factors of reading achievement,
- dyslexia and other forms of reading disabilities,
- individual differences in reading ability and disability.

This publication has been featured in multiple media outlets. See “Media Coverage” section below. According to Altmetric (June 24, 2024), the article ranks in the 97th percentile for online attention among all research outputs from various sources. It also scores higher than 96% of its peer paper outputs from the journal *Scientific Studies of Reading*. For context, the average Altmetric Attention Score for articles published in *Scientific Studies of Reading* is 12.8, whereas our article has an Altmetric Attention Score of 84.

This publication won the 2023 Dina Feitelson Research Award by the International Literacy Association.

This article has done exceptionally well in terms of attracting online attention. According to Altmetric (September 9, 2022), the article is on the 98th percentile of online attention of all research outputs across all sources. The article is also on the 98th percentile of online attention of all outputs from the journal *Reading Research Quarterly*. The average Altmetric Attention Score for *Reading Research Quarterly* articles is 9.8, while our article has an Altmetric Attention Score of 94. In addition, the article is ranked #1 in outputs of similar age (within six weeks on either side of this one) from *Reading Research Quarterly*.

My doctoral student led this publication. I provided mentorship and guidance and contributed to the paper in terms of conceptualization, methodology, formal analysis, data curation, writing – original draft, writing – review & editing, and supervision.

Note. M.Ed. = Master's of Special Education, n/a = not available, * = The appraisal approach changed midstream from PICA evaluations to AEFIS evaluations. The appraisal data were presented differently across the two approaches. Hence, the AEFIS course evaluation ratings were recomputed here to mirror answer responses obtained on a 5-point Likert scale (akin to PICA evaluations).

New Course Development

SPED 689: Special Topics: Neuropsychological and Genetic Perspectives of Reading (2020)

I developed and designed this new doctoral-level course in 2020. This was an elective course for doctoral students enrolled in any Ph.D. program in the School of Education and Human Development at Texas A&M University. The course focused on neuropsychological and genetic perspectives of reading and professional development for doctoral students. This course has been instrumental in expanding the specialized course offerings in the special education program and college, and is strongly aligned with my broader research program. Unfortunately, I could not teach the class in 2020 due to being on medical leave because of the pandemic. My colleague taught the course instead and garnered favorable appraisals from the students.

Former Doctoral Committee Chair

1. Rice, M., graduate. (2024). Dr. Rice will start as a tenure-track assistant professor at the University of Tennessee at Knoxville in Fall 2024.

-- Marianne Rice is a recipient of a 2024 Texas A&M Distinguished Dissertation Award by the Graduate and Professional School at Texas A&M University. This university-level award recognizes dissertations that have made a significant, impactful contribution to their discipline.

Current Doctoral Committee Chair

1. Bishop, M. E., doctoral student (2022 – present).

Megan E. Bishop's Honors and Awards

- Megan E. Bishop is a recipient of the 2024 college-level graduate research award by the College of Education and Human Development at Texas A&M University. This award will support Megan to conduct a systematic review of handwriting interventions.
- Megan E. Bishop is a recipient of the 2023 program-level travel award by the Texas A&M University, Department of Education, Special Education Program.
- Megan E. Bishop is a recipient of a 2022 departmental-level travel award by the Texas A&M University Educational Psychology Student Organization. The award supported Megan's presenting research at the 2022 International Dyslexia Association Annual Conference.
- Megan E. Bishop is funded through the RISE Scholars Network project. The RISE project is financially supported by the U.S. Department of Education, Office of Special Education Programs.

2. Morgan, J., doctoral student (2022 – present).

Jennifer Morgan's Honors and Awards

- Jennifer Morgan is a recipient of the 2023 program-level travel award by the Texas A&M University, Department of Education, Special Education Program.
- Jennifer Morgan is a recipient of the 2023 Department of Educational Psychology, Special Education Program Scholarship. This award was bestowed for Jennifer's teaching, service, and inclusion activities.
- Jennifer Morgan is funded through the RISE Scholars Network project. The RISE project is financially supported by the U.S. Department of Education, Office of Special Education Programs.

3. Lee Cobbins, A., doctoral student (2023 – present).

Aisha Lee Cobbins's Honors and Awards

- Aisha Lee Cobbins is a recipient of the 2024 Emerging Special Educators of Color Leadership Travel Award by the Council of Exceptional Children. This national-level award allowed Aisha to attend the 2024 CEC conference.
- Aisha Lee Cobbins is a recipient of the 2023 program-level travel award by the Texas A&M University, Department of Education, Special Education Program.
- Aisha Lee Cobbins is funded through the DIVERSE project. The DIVERSE project is financially supported by the U.S. Department of Education, Office of Special Education Programs.

4. Xu, Y., doctoral student (2023 – present).

Ying Xu's Honors and Awards

- Ying Xu is a recipient of a 2024 International Texas Public Education Grant. This is a competitive state grant for international students with financial need who are seeking a first bachelor's degree, graduate degree or professional degree.
- Ying Xu is a recipient of a travel award by the Graduate and Professional School at Texas A&M University. This university-level award will support Ying in presenting research at the Society for Scientific Studies of Reading Annual Meeting in Copenhagen, Denmark in July 2024.
- Ying Xu is a recipient of the 2024 university-level International Education Fee Scholarship by the Texas A&M University. This scholarship is awarded to international students in recognition of achievements in academics, leadership, and service.
- Ying Xu is a recipient of the 2023 program-level travel award by the Texas A&M University, Department of Education, Special Education Program.
